

# High Speed Candy Production Line Hard Candy Die Forming Line Multi-Function 65kW/380V

## Specifications :

Payment Terms	L/C T/T Western Union
keyword	Hard Candy Die Forming Line, Automatic Weighing and Mixing System for automatic preparing the raw materials, Hard Candy Die Forming Line, Continuous cooker with vacuum for good quality candy mass making.

## Detail Introduction :

### Hard Candy Die Forming Line

#### Product Description

#### CYT1000-S Super Speed Hard Candy Die Forming Line

This Super speed hard candy die forming line can produce all kinds of die-formed hard boild candy, the continuous vacuum cooker and cooling band can guarantee the quality of sugar mass cooking, inline CFA adding and mixing, belt cooling, Special chain die forming style is better for central-filing candy making. Production capacity is upto 1000kg/h with different model production line. Sanitary structure designed. The hard candy die forming line central filler, rope sizer and former work together is available, Different candy shape can be made depend on changing of the mould, A better effect of cooling is available by the conveyor and cooling system, Lolipop also can be made when the lolipop former and cooling tuonel is set instead of hard candy former and cooling tunnel.
