

High Output 50kg/h Fondant Beater Candy Machine For Making Fondant Masses

Specifications :

Payment Terms	L/C T/T Western Union
Keyword	Fondant beater, Toffee Making Machine, Toffee Caramel Production Line

Detail Introduction :

Fondant beater

Product description

The machine is mainly used for making fondant masses, it is simple to use fondant-beating machine. Sugar, glucose, water is dissolved then put into the hopper of the fondant beater. The beater is turned on and the cooked syrup is fed into the creaming screw. The sugar syrup is then agitated in a controlled way to seed the syrup into a fine fondant paste. The machine has a capacity of 75kg per hour and is ideal for a entry level machine. The unit has heated hopper and a jacketed barrel for cooling.

Technical Specifications:

Model	FD50
Output(kg/h)	Up to 50kg/h
Motor Power	3kW/380V/50HZ
Heating power	1.5kW/380V/50HZ
Cooling water Temp.	12C
Water consumption	800L/h
Machine dimensions	1500x650x1450mm
Weight of the machine	280kg
